

Seminar

Temperment of Children

Thursday, 26 February 2004
1 300-1 400

Youth Services Sky Dome, Building 949

FREE

**Open to all Fort Detrick
employees and
family members.**

Speaker - Dr. Scott Wingert, Director of Monocacy
Neurodevelopmental Center, LLC Frederick, Maryland

Dr. Wingert is a locally well known psychologist, licensed in the state of Maryland, who specializes in working with individuals who have ADHD and learning disabilities. His partner, Dr. McBee specializes in working with children diagnosed with Autism. Their new organization offers many services connected to developmental issues, including assessment, treatment, and support group activities. They do NOT currently accept TRICARE but are considering applying.
